

JWB Company

Line List

Process Control/Environmental Instrumentation, SCADA & Telemetry Equipment
For The Water, Wastewater & Process Industries
"Process Control Instrumentation, SCADA, & Telemetry Experts Since 1987"

Main Sales Office: 65 August Avenue, Wolcott, CT 06716 (203) 879-6959 FAX (203) 879-7299
Email: jamie@jwbcompany.net www.jwbcompany.net
Contact us for other New England Offices in Maine, Rhode Island and Massachusetts

Modular Radio Telemetry Systems, Wireless I/O Cellular/Phone Line/Tone Telemetry, Pump Controllers, & Signal Conditioners
Long Range License Free Telemetry

Alarm Autodialers-Cellular/Landline, Cellular/Alarm Agent-Web Based Alarming and Datalogging

Open Channel Flowmeters, Ultrasonic/Area Velocity/Bubbler, Temporary/Permanent/Web Based "Data Delivery Services" DDS, I/I Studies/CSO Studies and Flow Monitoring Services
Authorized Reseller Analytical Products: pH, DO, ORP, CL2 and Turbidity Analyzers/Sensors
Wastewater Samplers-Sequential/Composite/Refrigerated/Portable & All Weather

Programmable Pump Controllers, Level Probes Pump Alternators, Intrinsically Safe Controls, Voltage and Phase Monitors
Flygt pump control components/modules/relays/alternators

Digital Panel Meters

License Free Spread Spectrum Radios, Licensed Radios/Ethernet/Serial

Ultrasonic & Radar Level Transmitters, Level Switches & Process Instrumentation

Fixed Gas Detection Systems-Toxic & Combustibles

Annunciator Panel Displays, Sequence of Events Recorders, Intrinsically Safe Barriers

Chartless Color LCD Recorders /Circular Chart Recorders

Gauge Pressure and Differential Pressure Transmitters/Smart Transmitters

The World First Fiber Optic-Light Non Mechanical Based Float Switch & Mechanical Float Switches

Flumes, Weirs, Metering Manholes and Fiberglass Shelters

Digital Pressure Gauges, Ultrasonic Level Transmitters, Submersible Level Transmitters, KARI Floats

Various Instrumentation Products for the Water/Wastewater/Process Industries

Vortex Technologies, Inc.
Instrumentation Lightning and Surge Protection

JWB Company Engineering

**Radio Path Profile Analysis, Radio Propagation Studies, Instrumentation Assessment and Design Services
RF Profiler Path Profiles with Google Earth**
